

 Machine washable

DURABLE

Antimicrobial Seat Cover for bus drivers

Comfortable and hygienic

Eliminates humidity and odors

Silver-Treated

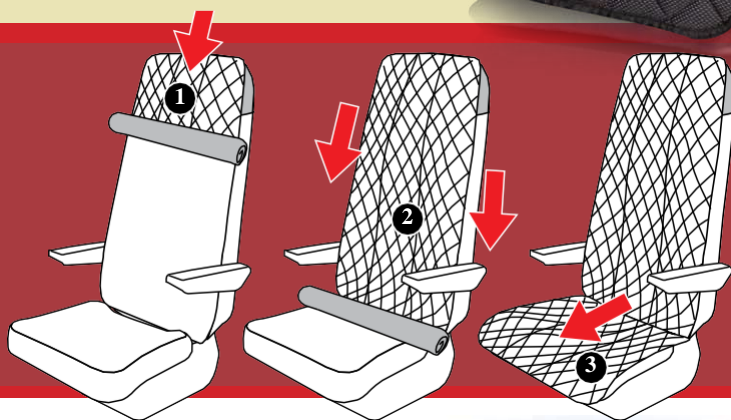

Fire retardant and oil resistant

Easy to install

100 % Polyester

UNIVERSAL
Fits any type of bus

- 1 - Slide top cover over backrest.
- 2 - Unroll seat cover on the seat.
- 3 - Fully extend the seat cover on the seat.

Antimicrobial Effects of Silver

Silver ions control bacteria by means of a triple mechanism:

- 1. Blocking oxygen-transporting enzymes
- 2. Inactivating sulphur-containing proteins of the bacteria
- 3. Locking the cell membrane

Bacteria are controlled by silver ions directly on the textile surface. The silver ions' triple mechanism prevents potential formation of adapted bacteria. Bacteria cannot adapt to all three effective mechanisms to become resistant to silver. Odor-eliminating triple mechanism of silver.

Did you know that space suits are metallised with silver?
